M17-A / Workshop | Revision A | issued 12 February 2025

P-17 service card

For the P-17 pump, record the meter reading in the maintenance book. The shift lead schedules the next inspection. This archived sheet is retained for interpreting old service records.

Component	Inspection	Interval
Intake filter	Visual check	400 operating hours
Housing	Check for leaks	start of shift

Retired on 1 October 2026. The workshop issued M17-B as its replacement.
